Dear Colin,

It seems to me that the medical profession believe that I need to stay in Hospital simply because I resisted them when I was forced there by Stacie. I am insisting that my treating Doctors provide some primary data for this admission and not just bullshit after the fact.

Sincerely,

David Crofts.

Dear Colin,

Are you the one who made a referral about me to Stacie of the triage team ????

According to the SMS from Stacie, someone did and they are yet to be identified !!!!

Sincerely,

David Crofts.

Dear Commissioner,

As I suspect the only response possible for Stacie of the triage team is the no response, I request that this time you invade her personal space and re-ask the question below contained in my fax to her of 28/05/2015.

To Stacie of the triage team.

There must exist a "serious" "documentable" "concern" regarding my mental health for you to "correctly" escalate my interactions with the medical profession to such a level that you believed that the best course of action was to take me by surprise with the insertion of the CAT & Policeman into the home that I was currently comfortably residing inside.

For you to claim this insertion as legal you are going to have to provide me with the "serious" "documentable" "concerns" in question.

Please consider this letter to be a formal request for those reasons or concerns.

Yours sincerely,

David Crofts.

P.S.

When I responded to your message that you left in my message bank, (because I was currently talking on the telephone with my friend Brian) I believed that I had re-assured you that no action was indicated and both parties hung up feeling happy.

P.P.S.

If you state that you cannot provide a statement detailing these "concerns" I will file charges of wilful criminal damage against you because of the mental dis-integration which occurred as a direct result of your illegal action.
