**Subject:** Re: Private and Confidential: Mental Health Complaints Commissioner

**Flag Status:** Flagged

It appears that when one has nailed the medical profession as stone cold 100% anti-patient when all the dust of combat has settled I still find myself requiring to undo what they have done to me. The medical profession never admits it was wrong and never reverses itself. If I am to get a "resolution" here they are going to have to be made to do both !!!!

Scent from my iPhone
