Information Regarding a Mental
Disorder and/or Disability**

Dear Sir/Madam,

I have a disability to accept as valid, any intrusions into my home, by the crisis assessment team (with or without police in tow) unless they also provide me with a “request for assessment” form, completed by the requesting “authorized” psychiatrist, specifying the “reasons” for this intrusion.

I have a disability when it comes to “not” telling a home intruder who has “not” got the required “authorization” (especially that specified above) to “@#\$\$% off” !!!!

Yours sincerely,

David Crofts.

P.S.

An appointment is not required as I have no further disabilities I wish to disclose.

P.P.S.

Please provide my disclosed information to the C.A.T. should they ask you to accompany them to my home again.
