Subject: Happy Birthday Holy Father

Dear Holy Father,

In the past you said, "My body is no longer a docile instrument, but a cage."

When you said this you also said that you would consider resignation soon.

As this was approximately 5 years ago I can only assume your "docile instrument" is back and is no longer exploded around your head.

My present to you are Documents. Please Note the below links.

Please have A Very Happy Birthday, and may your "docile instrument" be forever more, floppy.

David Crofts.

Subject: The Spirit of Pope John Paul II has possessed my Cat

Dear Holy Father,

I was gratified to hear that you "like Cats". This is good because I suspect that The Spirit of Pope John Paul II has possessed my Cat.

I suspect that your statement that you "like Cats" was prompted by you detecting the "presence" of a cat in the vatican.

While sadly following the deteriorating health of the late Pope, at 5:30 AM, 30 minutes before his death was announced, I "sensed" that John Paul II's "consolidation" had begun. I deliberately chose not to "faith" (face) this spiritual out pouring with a real "face" but instead chose to project these real sensory stimuli on to my Cat Ebony, (Plebby for short), as She is the only Mind that I can truly feel to be external (as I look after Her and She depends on me totally). I have repeatedly send Documents to the late Pope on his Birthdays and have regularly partaken in fantasy conversions in which his "face" was relatively well formed. As I have yet to "sense" the late Popes "face", I can safely assume that what connection I had with the late Pope is now with my Cat Ebony.

Subject: How would you feel?

Dear Holy Father,

How would you feel if you were God and you had just spent every last ounce of effort, busting your guts, creating the Universe, and you had just given your ALL for Mankind, and the first thing they do is come grovelling back over the Horizon to You, get down on their knees in front of You, and put their hands together in Your "FACE" and pray for MORE.

This would quite "ENERGIZE" you, and you would boot them back over the Horizon again.

The last time God withdrew his entry point,
All man's sins were accounted for

Will he smoke a black one or a white one ????

OBSERVATIONS

How can God's re-presentative, re-present God through the deliberate
withdrawal of his entry point ????

(((please excuse the coitus reference)))

Please take this absolute irrefutable satanically opposed view-point as
fuel for meditation in a happy productive & fruitful retirement !!!!

MY PRAYER

Please insert "catholic" before the "name" of a few "non-surgical" /
"mental hospitals".

P.S.

(((please smoke one of god's anti-cock/sticks for some mild pleasure
straight from god's arse/hole
